## लवा - Protect & Save Earth

### World Environment Day

(June 08, 2024)

International Virtual Conclave

## ABOUT pariyavartan

pariyavartan is इत-गुन-इअंग inceptive conference and expo powered by ICS in association with altruistic agencies and individuals who dream of making a difference to society. ICS, one of India's leading certifying body, has been commemorating World Environment Day since the last two and a half decades. The mission of this celebration is to invite attention and foster dedication to the cause of a sustainable planet. With our patrons' support, we have been able to reach out to multitudes of audience through this uninterrupted initiative every year. Hopefully, our sustained reinforcement of environmental wisdom will make some difference in the way citizens regard and preserve the environment.

इत-गुन-इअंग

Conceived and led by Dr. Sundar Kataria, driven with a mission to elevate the quality, safety and environmental awareness levels of industry. Sat-Gun-Sang is a series of educative, informative events aiming to illuminate professionals on possible solutions to current issues of industry and economy. The ability to invent new devices, techniques and ideas is one of the most basic characteristics of mankind. Keeping in view the sustainability and longevity of our planet, Sat Gun Sang aims to ignite the flame of ideation, innovation and progression in its patrons.

### Sundar Jessaram Kataria Foundation (SJKF)

Established in 2003 SJ Kataria Foundation is an independent NGO that extends aid and assistance to the needy. The Foundation works with communities to augment income, improve child nutrition, care for the Earth and diminish hunger and poverty.

### International Certification Services Pvt. Ltd. (ICS)

## WED - 2024 paryavartan

World Environment Day will be celebration to have various environment programmes to enhance environment awareness for the MSME. Business Associates and Public with a vital purpose. Theme for this year is **🌍 - Protect & Save Earth**

The half day conclave on ZOOM virtual platform is schedule on the Saturday 8th June, 2024 with experts, technocrats organization, Institution, Business associates and patrons to celebrate on preserving the earth and conserving fast depleting natural resources for prosperity. We at International Certification Services, its group companies, along with Sundar Jessaram Kataria foundation are pleased to invite distinguished professional and business associates like you from around India and world to this WED'24, conclave on environment

Your role in the Conclave: We invite your papers/presentation on one of the following sub-topics. The duration of the presentation may please be limited to 15 minutes with a summary and recap of additional 5-minutes. On each day, panel discussion shall be conducted at the end of all presentations during which you shall be one of the panelists who will engage with the audience and panel Chairperson.

Today entire world is suffering from heat wave due to global warming. We all are living in present age and have been consuming natural resources and energy in- proportionality without considering natural energy and resources. Fossil energy and other deposits limited will last for few decades. This world belongs to our future generation henceforth we need to preserve the mother earth from devastating forces. We has responsible citizen of the nation globally to focus & enhance environment literacy through Eco friendly activities and program.

We at ICS having celebrating World environment day for the past 2 decade by increasing the environment awareness by organizing number of activities and national conclave.

We are fortunate to have many environmental management and advanced technologies available to select the right source of energy to safeguard environment of the world what are those option to select by the manufacturing as well as service industry to adopt Eco friendly system and activities

**Go Nuclear To Save Planet :** We can adopt to have "Small Modular Reactors" at a reasonable cost and with 5 years construction period. The nuclear power plant avery safe and eco-friendly with many advantages as compared to thermal power plants.

**Conservation Of Natural Resources :** Fossil energy coal and natural gas etc we can use unlimited renewable energy sources like solar wind power bio energyand hydro power including hydrogen.

Moreover we need to adopt modern environmental management system and technology to conserve energy like ISO 14001 environmental management system ISO 50001 energy management system ESG environmental social and governance carbon footprint carbon credit.

About will help us to sustain and continue business to target differences activities of the organization and implement sustainable ethical practices and social responsibility towards the community nation and at large the world
